

FilterKernels.h

```
graph TD; A[FilterKernels.h] --> B[cstdint]; A --> C[armadillo];
```

The diagram illustrates a header file, FilterKernels.h, which is used by two different libraries or modules, cstdint and armadillo. The header file is represented by a gray box at the top, and the two dependent modules are represented by white boxes at the bottom. Two blue arrows point from the bottom of the FilterKernels.h box to the top of the cstdint and armadillo boxes, indicating the dependency.
